Dear Monroe County Residents:

Since 1960, the Rochester Monroe County Youth Bureau has served the County's youth as a planning, funding, and coordinating agency and is dedicated to developing, implementing, and evaluating a comprehensive system of services for youth and their families in Monroe County.

The Rochester-Monroe County Youth Bureau funds and supports prevention and intervention services including: youth development, delinquency prevention, runaway-homeless youth services, and recreation programs that address the needs of positive youth development for all county youth.

We have been active learners in the latest research along with our funding partners to ensure that we as a community continue to expand our knowledge, our practice, and outcomes to best serve our youth and families.
